New Delhi, the 10th December, 1981

S.O. 3431.—In exercise of the powers conferred by the proviso to Article 309 read with clause 5 of Article 148 of the Constitution and after consultation with the Comptroller and Auditor General of India Audit and Accounts Department, the President hereby makes the following rules further to amend the Central Civil Service (Pension) Rules, 1972, namely:—

1. (1) These rules may be called the Central Civil Service (Pension) (Eighth Amendment) Rules, 1981.

(2) They shall come into force on the date of their publication in the official gazette.

2. In the Central Civil Services (Pension) Rules, 1972, in rule 37A,—

(i) for clause (b) of sub-rule (1) the following shall be substituted, namely:—

"(b) terminal benefits equal to the commuted value of the balance amount of pension left after commuting one-third of pension to be worked out with reference to the commutation tables obtaining on the date from which the commuted value becomes payable subject to the condition that the government servant surrenders his right of drawing two-third of his pension."

(ii) sub-rule (2) shall be omitted.

MINISTRY OF COMMERCE

(Department of Commerce)

New Delhi, the 26th December, 1981

S.O. 3439.—Whereas the Central Government, in exercise of the powers conferred by Section 8 of the Export (Quality Control and Inspection) Act, 1963 (22 of 1963), proposes to recognise the Indian Standard Institution Certification mark in relation to safety matches for the purpose of denoting that where safety match boxes containing the match sticks are affixed or applied with such mark, they shall be deemed to be in conformity with the standard specifications applicable thereto under the said Act;

And whereas the Central Government forwarded the same to Export Inspection Agency, 'World Trade Centre' 14/1B, of rule 11 of the Export (Quality Control and Inspection) Rules, 1964;

Now, therefore, in pursuance of the said sub-rule, the Central Government hereby publishes the said proposals for the information of the public likely to be affected thereby.

2. Notice is hereby given that any person desiring to forward any objections or suggestions with respect to the said proposals may forward the same within forty-five days of the publication of this notification in the Official Gazette to Export Inspection Agency, 'World Trade Centre, 14/1B, Ezra Street (7th floor), Calcutta-700001.

Explanation :—In this notification "safety matches" means matches of wood splints suitably impregnated or of a rolled and compressed thin and tough paper surrounded by and impregnated with wax, with a chemically active tip or head which ignites producing flame by striking against the friction surface of the box containing the match sticks, or its packing cover

[सं० 12020/5/81-प्रो०]

टी०एन० परमेश्वरन्, प्रो०एर सचिव

New Delhi, the 5th December, 1981

S.O. 3464.—Whereas by a notification of Government of India in the Ministry of Petroleum, Chemicals and Fertilizer (Department of Petroleum) S.O. 2381 dated 12-9-81 under Sub-section (1) of Section 3 of the Petroleum and Minerals Pipelines, (Acquisition of Right of User in Land) Act, 1962 (50 of 1962) the Central Government declared its intention to acquire the Right of User in the lands specified in the schedule appended to that notification for the purpose of laying pipeline.

And whereas the Competent Authority has under Sub-section (1) of Section 6 of the said Act submitted report to the Government.

And further the Central Government has after considering the said report, decided to acquire the right of user in the lands specified in the schedule appended to this notification.

Now, therefore, in exercise of the power conferred by Sub-section (1) of the Section 6 of the said Act, the Central Government hereby declares that the right of user in

the said lands specified in the schedule appended to this notification hereby acquired for laying the pipelines.

And further in exercise of the power conferred by Sub-section (4) of that section, the Central Government directs that the right of user in the said lands shall instead of vesting in the Central Government vest on this date of the publication of this declaration in the Indian Oil Corporation Limited free from all encumbrances.

प्रकाश चन्द जैन, अधर सचिव

New Delhi, the 11th December, 1981

S.O. 3467.—Whereas the Central Government in pursuance of clause (a) of sub-section (1) of section 3 of the Indian Medical Council Act, 1956 (102 of 1956) and in consultation with the Government of Gujarat have nominated Dr. O. D. Gulati, Dean, Baroda Medical College, Baroda to be a member of the Medical Council of India vice Dr. O. P. Gupta, with effect from 17th September, 1981.

Now, therefore, in pursuance of the provisions of sub-section (1) of section 3 of the said Act, the Central Government hereby makes the following further amendment in the notification of the late Ministry of Health No. 5-13/59-MI dated the 9th January, 1960, namely:—

In the said notification, under the heading “Nominated under clause (a) of sub-section (1) of section 3”, for serial number 14 and the entry relating thereto, the following serial number and entry shall be substituted, namely:—

“14. Dr. O.D. Gulati,
Dean,
Baroda Medical College,
BARODA.”

[No. V. 11013/10/81-M.E (Policy)]

ए० के० बैकट सुप्रहृण्यन, निदेशक

MINISTRY OF STEEL & MINES

(Department of Mines)

New Delhi, the 5th December, 1981

S.O. 3468—In exercise of the powers conferred by section 3 of the public premises (Eviction of Unauthorised Occupants) Act, 1971 (40 of 1971), the Central Government hereby appoints the officer mentioned in column (1) of the Table below, being an officer equivalent to the rank of a gazetted officer of Government, to be an estate officer for the purposes of the said Act, and further directs that the said officer shall exercise the powers conferred and perform the duties imposed, on an estate officer by or under the said Act within the local limits of his jurisdiction in respect of public premises specified in column (2) of the said Table.

TABLE

Name and designation of the officer	Public Premises and local limits of jurisdiction
(1)	(2)
Shri A.N. Prasad, Personnel Officer, Hindustan Copper Limited, Rakha Copper Project, Singhbhum (Bihar).	Premises belonging to or taken on lease by, or on behalf of Hindustan Copper Limited, as described in the Annexure below.

S.O. 3474.—Whereas the Central Government is of opinion that the archaeological site and remains specified in the Schedule annexed hereto are of national importance.

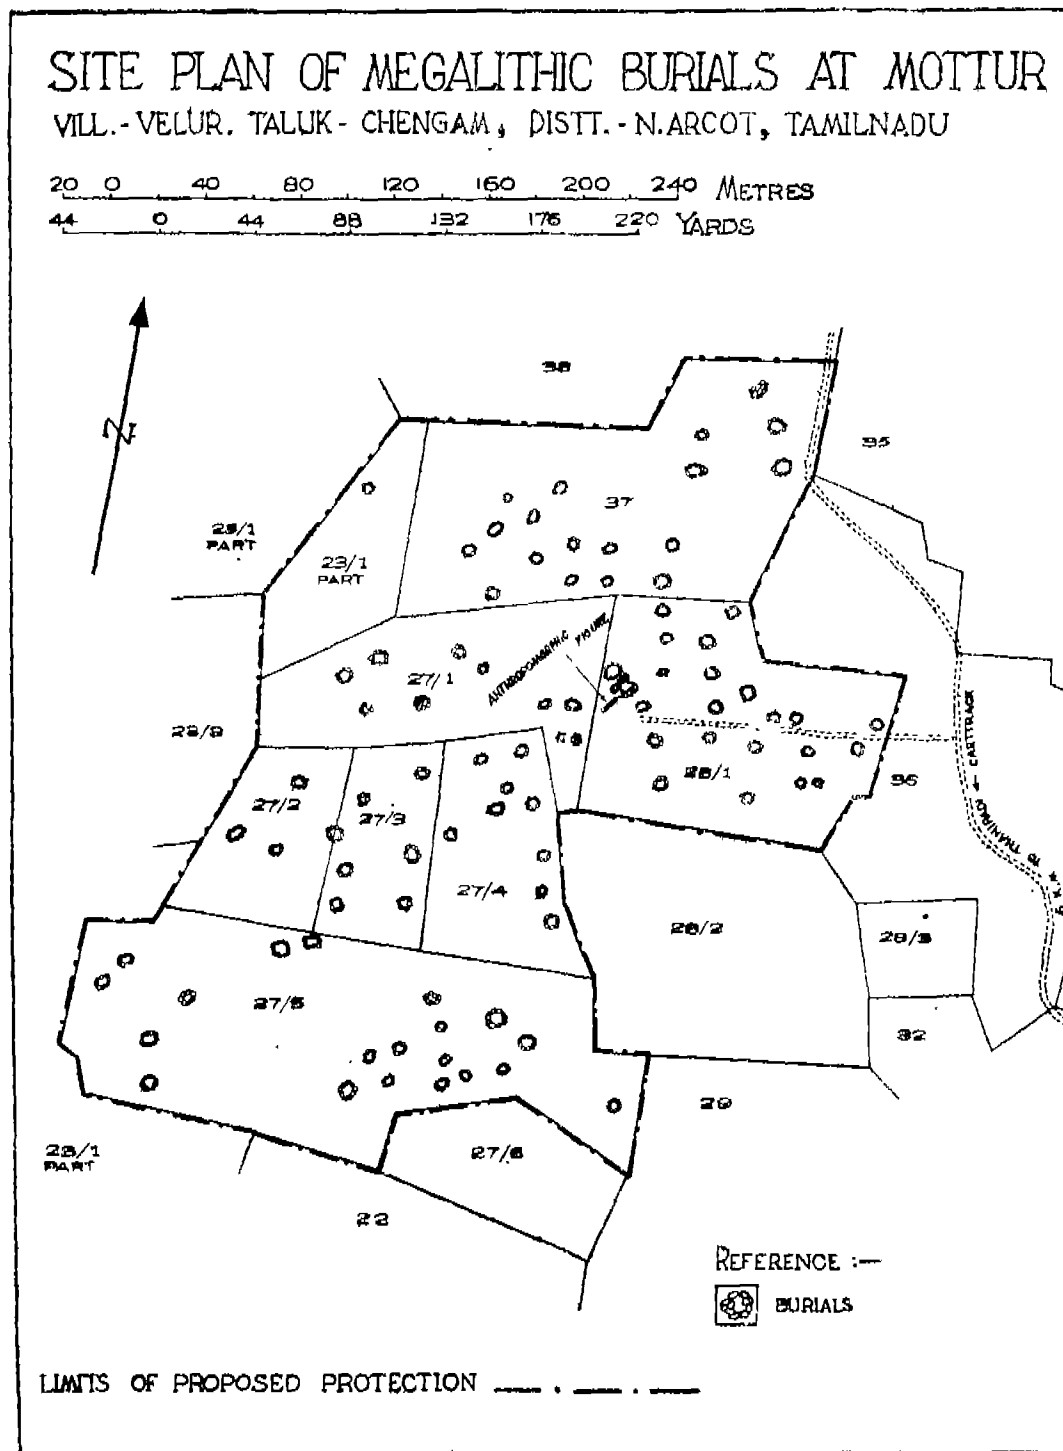

Now, therefore, in exercise of the powers conferred by sub-section (1) of section 4 of the Ancient Monuments and Archaeological Sites and Remains Act, 1958 (24 of 1958) and in supersession of the notification of the Department of Culture (Archaeological Survey of India), S.O. 2670, dated the 21st July, 1979, published in the Gazette of India Part

(II), Section 3, Sub-section (II) dated the 4th August 1979, the Central Government hereby gives two months' notice of its intention to declare the said archaeological site and remains to be of national importance.

Any objection which may be received within the said period of two months from the date of publication of this notification in the Official Gazette, by any person interested in the archaeological site and remains will be considered by the Central Government.

MINISTRY OF LABOUR

New Delhi, the 9th December, 1981

S.O. 3479.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Central Government Industrial Tribunal No. 3, Dhanbad, in the industrial dispute between the employers in relation to the management of Ningha Colliery of Eastern Coalfields Limited, Post Office Kalipahari, District Burdwan and their workmen, which was received by the Central Government on the 23th November, 1981.

BEFORE THE CENTRAL GOVT. INDUSTRIAL
TRIBUNAL-CUM-LABOUR COURT NO. 3, DHANBAD

Reference No. 5/81

PRESENT:

Shri J. N. Singh, Presiding Officer.

PARTIES:

Employers in relation to the management of Ningha Colliery of Eastern Coalfields Ltd., P.O. Kalipahari Dist. Burdwan

AND

Their Workman.

APPEARANCES :

For the Employers—Shri N. Das, Advocate.

For the Workmen—Shri S. Mazumdar, General Secretary, Ningah Colliery Mazdoor Union.

INDUSTRY : Coal STATE : West Bengal.

Dated, the 23rd November, 1981

AWARD

The Govt. of India in the Ministry of Labour in exercise of the powers conferred on them u/s 10(1)(d) of the Industrial Disputes Act, 1947 (14 of 1947), has forwarded the dispute to this Tribunal for adjudication under their Order No. L-19012(61)/80-D.IV(B) dated the 11th February, 1981.

SCHEDULE

"Whether the action of the management of Ningha Colliery of Eastern Coalfields Ltd., P.O. Kalipahari, Dist. Burdwan in taking work from Shri Parasuram Singh as Incharge of Electrical Installations and paying him wages of Technical Grade 'C' is justified? If not, to what relief is the concerned workman entitled?"

2. After issue of notice both parties filed their respective written statements. On 23-11-81 a petition has been filed duly signed by the General Secretary of the Union as also by the concerned workman stating that the dispute has been placed before the employer for re-consideration and there is every possibility of the grievance of the concerned workman being redressed by the management. It is further stated that for securing an early decision at management's level the petitioners have decided not to proceed further with this reference and hence the reference be disposed of accordingly.

3. The above petition clearly indicates that the union or the concerned workman does not want to proceed with the matter and their dispute is to be settled at the level of the management which means that the union or the concerned workman has got no dispute with the management now.

4. In the circumstances a 'no dispute' award is passed in this case.

J. N. SINGH, Presiding Officer
[No. L-19012/61/80-D.IV.B]

S.O. 3480.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Central Government Industrial Tribunal, Jabalpur, in the industrial dispute between the employers in relation to the management of Central (F&M) Workshop, Korba of Messrs Western Coalfields Limited, Post Office Korba, District Bilaspur and their workmen, which was received by the Central Government on the 28th November, 1981.

BEFORE JUSTICE SHRI S. R. VYAS (RETD.)
PRESIDING OFFICER, CENTRAL GOVERNMENT
INDUSTRIAL TRIBUNAL-CUM-LABOUR COURT,
JABALPUR (M.P.)

Case No. CGIT/LC(R)(70)/1980

PARTIES :

Employers in relation to the management of Central (E & M) Workshop, Korba of Messrs Western Coalfields Limited, Post Office, Korba, Dist. Bilaspur and their workmen represented through the Kovla Shramik Sabha (HMS), P.O. Korba, District Bilaspur (M.P.)

APPEARANCES :

For Workman—Shri S. K. Rao, Advocate

For Management—Shri P. S. Nair, Advocate.

INDUSTRY : Coal Workshop DISTRICT : Bilaspur (M.P.)

AWARD

Dated, the 23rd November 1981

In exercise of the powers conferred on it by Clause (d) of Sub-section (1) of Section 10 of the Industrial Disputes Act, 1947 Government of India in the Ministry of Labour has referred the following dispute to this Tribunal, for adjudication, vide Notification No. L-22012(42)/79-D-IV(B) dated 29th October, 1980 :—

"Whether the management of Central (E & M) Workshop, Korba of Messrs Western Coalfields Limited, Post Office Korba, District Bilaspur was justified in withholding promotion to Shri Sheoji Singh as Fitter Grade II of CWS with effect from 11-10-72 along with other workmen? If not, to what reliefs and consequential benefits is the workman entitled and from what dates?"

2. In this dispute referred to by the workman through the General Secretary, Kovla Shramik Sabha (HMS) Korba, the case of the workman is as under :

The workman Shri Sheoji Singh is employed as a Fitter Grade II in the Central Workshop, Korba under the management of Western Coalfields Ltd., Bilaspur that he came to Korba on transfer in 1976 and was placed in Category IV; that the management while ignoring the claim of the workman promoted some of the workmen who were junior to him and that the workman was entitled to be promoted as Fitter Grade II either in preference to or along with the juniors after due consideration of the seniority.

3. On behalf of the management objections, were raised that during the conciliation proceedings the workman filed an affidavit on 25-9-1980 and stated that he was withdrawing his complaint before the Asstt. Labour Commissioner and on that basis the Asstt. Labour Commissioner sent a report to the Central Government and that in view of this affidavit and withdrawal of the dispute the present dispute before this Tribunal does not survive. It is further stated by the management that by an order dated 9-10-1980 the workman has been promoted from 1-10-1980 and such a promotion was sanctioned after his case was cleared by the Departmental Promotion Committee.

4. The workman was required to file a rejoinder to these objections or statement regarding the dispute having been settled but neither any rejoinder nor any statement was filed. In view of the objections raised by the management the following preliminary issue was raised for decision :—

"Whether the present reference is not maintainable in view of the objections raised by the management?"

5. Though both the parties were directed to lead evidence on this issue but no evidence was led by either party. From the statement of claim filed by the management it is clear that the management has specifically pleaded that the dispute referred to by the workman was subsequently withdrawn. The workman was specifically directed to file a rejoinder to this plea raised by the management. The workman neither filed a rejoinder nor led any oral or documentary evidence in support of the claims made by him. If the facts pleaded by the management were not correct then it was the duty of the workman to rebut them either in the form of a rejoinder or in the form of oral or documentary evidence. Since this has not been done I have no reason to reject the statement made by the management about the circumstances in which the dispute was withdrawn.

6. It appears that the workman after having earned the promotion did not deem it proper to prosecute this dispute and for that reason neither filed a rejoinder nor led oral or documentary evidence. In these circumstances my answer to the aforesaid issue is that the management of M/s. Western Coalfields Ltd., in the Central and Mechanical Workshop, Korba in withholding the promotion of Shri Sheoji Singh as Grade II Fitter in the Central Workshop from 11-10-72 along with the other workmen was justified and the workman is not entitled to any relief in these proceedings.

In the circumstances of the case both the parties are directed to bear their own costs as incurred.

S. R. VYAS, Presiding Officer
[No. L-22012(42)/79-D.IV(B)]

New Delhi, the 11th December, 1981

S.O. 3481.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Central Government Industrial Tribunal, Calcutta, in the industrial dispute between the employers in relation to the management of Balurband Sub-Area of Eastern Coalfields Limited, P.O. Pandaveshwar, District Burdwan and their workmen, which was received by the Central Government on the 5th December, 1981.

**CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL :
CALCUTTA**

PRESENT :

Mr. Justice R. Bhattacharya, M.A., B.L., Presiding Officer

Reference No. 74 of 1978

PARTIES :

Employers in relation to the management of Dalurband Sub-Area of Eastern Coalfields Limited

AND

Their Workmen.

APPEARANCES :

On behalf of Employers—Mr. R. N. Tewary, Deputy Personnel Manager.

On behalf of Workmen—Mr. B. S. Azad, General Secretary of the Union.

STATE : West Bengal

INDUSTRY : Coal Mine

AWARD

This reference under Section 10 of the Industrial Disputes Act, 1947 has been sent to this Tribunal by the Government of India by its Order No. L-19011(9)/77-D-(V(B) dated 23rd August, 1978 for adjudication of an industrial dispute between the employers in relation to the management of Dalurband Sub-Area of Eastern Coalfields Limited, P.O. Pandaveshwar, District Burdwan, hereinafter described as the "Colliery" and their workmen represented by the General Secretary, Khan Sramik Congress, hereinafter referred to as the "Union". The subject matter of the dispute has been mentioned in the order of reference in the following terms.

"Whether the action of the management of Dalurband Sub-Area (Eastern Coalfields Limited), P.O. Pandaveshwar, District Burdwan in terminating the services of the workmen as mentioned in the Annexure is justified? If not, to what relief are the concerned workmen entitled?"

26. Biman Ghosh."

2. The Union filed a written statement on behalf of the workmen. The case stated therein to be short, is that the persons mentioned in the order of reference, 26 in number, are the bonafide employees of the colliery and had been working since 1972. The management stopped their work on and from 1-6-1975 without any notice and any reason. The concerned workmen received their wages on vouchers and the voucher for payment was booked in the name of one person and the amount in the voucher was distributed amongst them. The workmen approached the Manager of the colliery challenging the wrongful stoppage of work from 1-6-75. The Union also approached the Manager but it was of no effect. The grievance of the union is that the management illegally terminated the service of the 26 workmen from 1-6-75 and it was a case of victimisation and unfair labour practice. The prayer of the Union is that the management should be directed to reinstate those workmen with all back wages.

3. In the written statement filed by the colliery it has been stated that the concerned persons were never the employees of the colliery and there was no employer and employee relationship between the management and the concerned persons. Those persons might have worked under some contractors but the contractors or their employees were never members of the union and there was no authority given to the union to raise the present dispute. It is stated further that the concerned persons instituted a suit in Civil Court regarding this matter but it was withdrawn. The case of the colliery is that some of the concerned workmen worked under one contractor named Shyamal Kumar Dutta and also under the Unemployed Youth Society which also did some work on contract basis. The management decided to recruit some mazdoors. Local Employment Exchange was informed and most of the concerned persons mentioned in the schedule to the order of reference applied in writing. Some of them gave their Employment Exchange registration number and stated that they had been working under some contractors prior to the filing of the application. The management on the basis of merit engaged some persons who applied for the job but none of the concerned persons were found suitable and, therefore, they were not given any job. The allegation of the union that the concerned persons were found suitable and, therefore, they were not given any job. The allegation of the union that the concerned persons were not allowed to work from 1-6-75 is altogether false. The sum and substance of the colliery's case is that the concerned persons were never in the employment of the colliery; nor were they paid wages by the colliery.

4. In this case the union examined five witnesses whereas the colliery examined one. Several documents have been exhibited on the side of the management and some on the side of the Union. In this case Mr. B. S. Azad, General Secretary of the Union appeared on behalf of the workmen whereas Mr. R. N. Tewari, Deputy Personnel Manager of the colliery represented the management. The case of Mr. Azad is that the concerned persons had been working as employees of the colliery from 1972 but suddenly on and from 1-6-75 the management of the colliery did not give them any work and consequently the services of those persons were terminated illegally and they are entitled to be reinstated. Mr. Tewari's case is that at no point of time were those persons in the employment of the colliery and that many of them worked under some contractors and did some work in the colliery on contract basis. The main question, therefore, is whether the persons in question were in the employment of the colliery and if so, whether their services were terminated from 1-6-1975. On this question the parties led oral evidence and some documents have also been exhibited.

5. On the side of the union, Ashutosh Mukherjee, one of the concerned persons, has been examined. He says that he started work but there was no appointment letter given to him. Every day the concerned persons used to be supplied with written slips for doing work and they worked. This witness cannot say what was written in the slip. The Manager used to give slips every day and the witness does not remember when he first started work in the colliery. He does not also remember when his work was stopped. During cross-examination the witness has admitted that the particulars given in the application for employment signed by him were correct. This has been marked Ext. M-1. This document will show that

this witness applied for some job to the colliery on 24th September, 1974 and in this application he has admitted in writing that at the time of this application he had been working at the colliery under contractor for more than six months. But during cross-examination at the same time he says that he did not work under any contractor at any time. His clear admission is that the particulars given in the application are correct. This witness has further admitted that other workmen concerned filed applications like his for service. He had admitted several applications filed by some of the concerned workmen. They have been marked exhibits. This witness has further stated that permanent workers were paid wages by wagesheets, and he does not know whether casual workers were also paid by wagesheets. This witness had Employment Exchange number as given in Ext. M-1. He has further admitted that those persons did contract job and the contract was between the Manager and those persons. He has also stated that the amount for the contract job was paid to one person by voucher and after getting this amount the said money was distributed amongst the concerned persons. The evidence of this witness clearly indicates that he worked under contractor and that whatever amount was paid by the colliery for the works done by those persons was paid to only one person and the said amount was divided amongst themselves. This is not a case of employment of the concerned persons in the service of the colliery.

6. The next witness is WW-2, Samarendra Nath Mukherjee. He is also a concerned person. He has stated that he was a casual worker and the Manager used to send slips to Hazira Babu for his work and he was engaged and whenever he was engaged the Manager used to send slips. He has given a new story when he said that he used to be paid through wagesheets and sometimes he was paid by voucher. In the written statement in this case filed by the Union it was clearly stated that the concerned persons were paid by vouchers. He also admitted his application for service submitted to the colliery which has been marked Ext. M-2. He has also stated that the statements made in that application are correct. In Ext. M-2, his application, we find his admission that he had been working in the colliery under a contractor for more than six months. He has also admitted in clear language that he worked under a contractor at the colliery before nationalisation. He does not know whether their names were in the B form register. The evidence of this witness also clearly shows that he was not in the employment of the colliery.

7. The third witness on the side of the Union is Swapan Roy, one of the persons mentioned in the order of reference. He says that from 1974 to July, 1975 he worked in the colliery but the case in the written statement of the Union is that the concerned persons worked from 1972. The witness says that he did not get any letter of appointment. The manager used to issue slips containing name of 6 or 7 persons to work and those persons worked accordingly. He says that he was a casual worker. This witness also does not know whether their names were entered in the B form register. I place no importance to the evidence of this witness.

8. WW-4 is Falguni Bhattacharya, another concerned person. He says that he started work in the colliery from 15-5-74 and he received about Rs. 6 or Rs. 7 per day as wages. He said that he used to get wages on vouchers and sometimes on plain paper. He has made a curious statement. He says in evidence that sometimes he and others used to sign in a book and took wages and sometimes they took wages individually by giving signature. This witness has also admitted that before nationalisation he used to work under contractor. He has admitted his own application made to the colliery for service. That has been marked Ext. M-9. He says that the statement made therein are correct. In Ext. M-9 he gave his Employment Exchange registration number. In his application he has stated that he is dependent on his uncle who was in the employ of the colliery. This application is also dated September, 1974. In cross-examination this witness has stated that since his application made in September, 1974 he is unemployed. If that is so I fail to understand how can there be any case that after this application and before he was working as an employee of the colliery and upto 1975 when his work is alleged to have been stopped. Moreover, if the persons were already in service of the colliery, I find no reason why they should file applications for employment in the colliery. The evidence of this witness of no value.

9. The last witness on the side of the Union is Alauddin Mirza who is a Pit Munshi in the colliery. He says that he

knows Budan Das, Amazad Mir and others who used to work in Dalurband. There is no Budan Das in the schedule to the reference; only the name of Amazad Mir is there. He says that their work was stopped in 1975 but he does not remember in which month it was. He has stated that the Manager used to issue slips in the name of the person who used to work. But he does not know how they were paid. The evidence of this witness carries no weight.

10. On the side of the colliery the Personnel Manager of Pandaveshwar Area in which the colliery is situated has been examined. He has proved one work order signed by the then Sub-Area Manager. That has been marked Ext. M-11. He has also proved another work order marked Ext. M-10 signed by the Superintendent of Mines and the Accounts Officer. Ext. M-10 is a work order given to one Osman Khan. I do not place any importance to those work orders and I do not find any relevancy. Ext. M-11 is a work order given in the name of Unemployed Youth Society, but this work order has not been connected with the concerned persons. However, the evidence adduced on the side of the Union has disproved its case. I have already discussed the nature of evidence of the witnesses examined on behalf of the Union. Their evidence is manufactured, unreliable and far from truth. On the other hand, it has come from their evidence that in fact they never worked as employees of the colliery. Several applications have been filed and marked exhibits in this case to show that several of the applicants admitted that they worked under contractors in or about 1974. There is no evidence at all that before the takeover of the mine any of the concerned workmen worked in the colliery as its employee and there is no evidence at all that any of these 26 workmen were in the service of the colliery under its employment. The slips exhibited on the side of the Union coupled with the oral evidence of some witnesses on the side of the Union shows that at best the manager used to issue slips for engagement of some persons on some days for taking some casual labourers, if necessary for contract work. The applications, as I have already indicated, show that some of them worked under contractors and if really the concerned persons were in the service of the colliery there was no occasion for them to apply for service in the colliery in the year 1974. I have no doubt that the case of the Union on behalf of the workmen has been disproved. I find that the persons concerned as alleged in the written statement of the union or through evidence were never in the service of the colliery and there was no occasion for the management of the colliery to stop their work on 1st of June, 1975 or at any day whatsoever. The persons concerned can, therefore, get no relief whatsoever.

I pass an award accordingly.

R. BHATTACHARYA, Presiding Officer.

[No. L-19011/9/77-D IV.B]

New Delhi, the 14th December, 1981

S.O. 3482.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Central Government Industrial Tribunal, Calcutta, in the industrial dispute between the employers in relation to the management of Damagoria Colliery under Victoria Church Area, Area No. XII, Bharat Coking Coal Limited and their workmen, which was received by the Central Government on the 5th December, 1981.

CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL : CALCUTTA

PRESENT :

Mr. Justice R. Bhattacharya, M.A., B.L., Presiding Officer.
Reference No 26 of 1980

PARTIES :

Employers in relation to the management of Damagoria Colliery Under Victoria Church Area, Area No. XII, Bharat Coking Coal Limited.

AND

Their Workmen.

APPEARANCES :

On behalf of Employers : Mr. A. K. Banerjee,
Personnel Manager.

On behalf of Workmen : Mr. S. K. Rudra, General Secretary, Colliery Mazdoor Congress (HMS)
 STATE : West Bengal INDUSTRY : Coal

AWARD

This is a reference under Section 10 of the Industrial Disputes Act, 1947 sent to this Tribunal by the Government of India on the basis of its Order No. L-19012(56)/79-D.IV (B) dated 16th April, 1980 for adjudication of an industrial dispute between the employers in relation to the management of Damagoria Colliery Under Victoria-Church Area, Area No. XII, Bharat Coking Coal Limited, P.O. Barakata, District Burdwan, hereinafter referred to as "Colliery" and their workmen represented by the General Secretary, Colliery Mazdoor Congress (HMS), Hemanta Nivas, P.O. Asansol, Dist. Burdwan, hereinafter referred to as the "Union". The subject matter of dispute has been mentioned in the Schedule to the Reference in the following words :

"Whether the action of the management of Damagoria Colliery under Victoria-Church Area, Area No. XII, Bharat Coking Coal Limited, Post Office Barakata, District Burdwan in refusing re-employment to Shri Shyamadas Chakraborty Pit-Munshi-cum-Clerk with effect from 6th July, 1973 was justified? If not, to what relief is the concerned workman entitled?"

2. A written statement has been filed on behalf of the workman signed and verified by one S. K. Rudra, describing himself as General Secretary of Colliery Mazdoor Congress (HMS). The Colliery also filed a written statement. In the written statement of the colliery a preliminary objection has been taken to the effect that S. K. Rudra who filed the written statement and appeared in this reference is not the General Secretary of the Union duly authorised by it. It has also been stated that the Union has some followers at Damagoria colliery but one Jayanta Poddar is the General Secretary of the Union and not Sudhir K. Rudra appearing in the present case as General Secretary of that Union. Besides this preliminary objection there are certain facts relating to the merits of the case. However, I am not going to give any details as to the cases of the parties regarding the claim or facts of this case at this stage.

3. The matter came up for hearing on 17-8-81. Mr. A. K. Banerjee, Personnel Manager of the colliery appeared for the colliery whereas Mr. S. K. Rudra appeared on behalf of workmen of the colliery. I heard both Mr. Banerjee and Mr. Rudra on the preliminary question whether Mr. Rudra had the locus standi to represent the workman in the present case. Two letters were filed by Mr. Banerjee—one written by the Secretary of the West Bengal INTUC forwarding therewith a list of Office-bearers of Colliery Mazdoor Union (INTUC) dated 8-9-80 and the other is a letter written by the General Secretary of Hind Mazdoor Sabha dated January 7, 1981. The colliery also filed another letter written by Jayanta Poddar, General Secretary, Colliery Mazdoor Congress (HMS), Asansol dated 25-7-78. Regarding these letters, their genuineness has not been challenged by Mr. Rudra. Mr. Rudra's argument is that he is in fact the General Secretary of the Union recognised by the Hind Mazdoor Sabha. The letter dated 25-7-78 written by Jayanta Poddar as General Secretary of the Union to the General Manager, Bharat Coking Coal Ltd. stated that a branch committee of Colliery Mazdoor Congress (HMS) has been formed and there are names of workers including President, Vice-President, Secretary, General Secretary, Organising Secretary, etc. In this list of officials of the Union Mr. Rudra's name does not appear. Along with the letter of the Secretary of the WBINTUC dated 8-9-80 we find a list of Office-bearers of Colliery Mazdoor Union, INTUC, at Asansol. In the list of Office-bearers I find the name of Sudhir Rudra as Vice-President. It may be mentioned that this letter relates to the Office-bearers of a different union, not the Union (HMS) with which we are concerned. The third letter is written by the General Secretary of Hind Mazdoor Sabha itself. This is dated 7-1-81. In this letter also we find that the authority of Hind Mazdoor Sabha recognises Jayanta Poddar as General Secretary of the Colliery Mazdoor Congress recognised by HMS. Mr. Rudra cannot say that this letter is forged or written by an unauthorised person. Clearly, therefore, on the basis of the genuine letters I find that Jayanta Poddar is the General Secretary of Colliery Mazdoor Congress (HMS) with which we are concerned and Sudhir Rudra is not the General

Secretary. It may be that there has been a quarrel amongst the members of the Union (HMS) and Sudhir Rudra has come out and formed a party of his own but that party is not recognised by Hind Mazdoor Sabha. Mr. Rudra has not also been recognised by Hind Mazdoor Sabha as General Secretary of the Union recognised by it. I have no manner of doubt, therefore, that Mr. S. K. Rudra appearing as a representative of the workman has no proper and legal status and authority either to act on behalf of Colliery Mazdoor Congress (HMS) or as an Officer of the Union. In this view of the matter I must hold that he has no authority to represent the workmen and that the workman of the colliery is not properly and legally represented by S. K. Rudra. In the present case proper authority of the Union recognised by Hind Mazdoor Sabha has not appeared to contest or to represent the workmen to support the claim as mentioned in the reference.

In the result, I find that there is no dispute in the present reference raised on behalf of the workman. I therefore pass a 'no dispute' award

R. BHATTACHARYA, Presiding Officer.

Dated, Calcutta, the 26th November, 1981.

New Delhi, the 11th December, 1981

S.O. 3483.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Central Government Industrial Tribunal, Jabalpur, in the industrial dispute between the employers in relation to the All India Radio, Indore, and their workman, which was received by the Central Government on the 4th December, 1981.

BEFORE JUSTICE SHRI S. R. Vyas (RETD.)
 PRESIDING OFFICER, CENTRAL GOVERNMENT
 INDUSTRIAL CUM LABOUR COURT, JABALPUR (M.P.)

Case No. CGIT/LC(R)(64)/1980

PARTIES :

Employers in relation to the management of All India Radio, Indore and their workman Shri Kanchan Lal, Helper C/o Shri Shiv Kumar, 140, Musthakhedhi, North, INDORE (M.P.)

APPEARANCES :

For workman—Shri Bhawe, Advocate.

For Management—Shri B. G. Nema, Advocate.

INDUSTRY : Communication DISTRICT : Indore (M.P.)

AWARD

This is a reference made by the Government of India in the Ministry of Labour, vide Notification No. 1-42012/25/80-D, II(B), dated 20th September, 1980, to this Tribunal for adjudication of the following dispute :

"Whether the action of the Engineer-in-charge of All India Radio, Indore, in terminating the service of Shri Kanchanlal, Helper, with effect from 15-9-1979 and thereafter again re-appointing him on 23-10-1979 and again rendering him idle from 22-11-1979 is legal and justified. If not, to what relief the concerned workman is entitled?"

2. In the statement of claim filed by Kanchan Lal it is stated that he was employed by the management of All India Radio on a permanent post since 1977; that his services were terminated with effect from 15-9-79 without any retrenchment compensation as contemplated by Section 25F of the Industrial Disputes Act, hereinafter referred to as the Act that such termination of service of a person in continuous service within the meaning of Sec. 2(oo) of the Act without payment of retrenchment compensation was illegal, that the action of the management in terminating the services was malafide and that the workman is entitled to an order for reinstatement with full back wages and other consequential benefits.

3. In reply to this claim made by the workman the management of the All India Radio, Indore, hereinafter referred to as the AIR, it is stated that Kanchanlal was offered employment as and when he sought an employment; that he was never regular in either seeking employment or doing any work of the management; that there was no permanent and/or regular post on which Kanchanlal was employed; that there was no malafide on the part of the management and that since there was no employment on a vacant post there was no question of any termination of the employment as alleged.

As per order passed on 8-7-1981, the aforesaid dispute referred to this Tribunal for adjudication is the main issue for decision.

4. In support of his claim the workman neither examined himself nor led any oral or documentary evidence. Management examined Shri R. N. Paul, Assistant Engineer, All India Radio, Indore. In his statement Shri Paul has stated that in 1979 Kanchan Lal was appointed from summer season as a Waterman and was paid the wages of unskilled workman. This appointment, according to him, was under oral orders on daily wages which was payable only when the workman reported for work. Regarding the nature of employment given to and rendered by the workman the witness stated that only in 1979 Kanchanlal was employed in March and he worked only for 121 days upto September 1979 and for another 30 days in November, 1979. It was suggested in his cross-examination by the workman's Counsel Shri Bhawe that the workman was in employment since 1976 but the suggestion was categorically denied. If according to the workman he was in employment from 1976 the relevant accounts books, pay sheets, attendance registers for the period 1976 to March 1979 could have been summoned but this was not done. It would thus be clear that the workman Kanchanlal had his first employment with the AIR in March 1979 and this employment concluded in November, 1979. A tabulated statement Ex. M[1] showing the actual days of work done by the workman has been filed under the signatures of both the parties. From this statement it is clear that counted backwards from the end of November 1979 the workman did not work for 240 days within a period of 12 calendar months. If that is so, the workman's employment cannot be said to be continuous. Consequently he cannot claim any retrenchment compensation as contemplated by Sec. 25F read with Section 2(o) of the Act. In this connection a reference may be made to the decision of Mohan Lal Vs. Management of Bharat Electronics Ltd (AIR 1981 SC 1253) where it is clearly laid down that if within a period of 12 months backwards from the date of termination of employment the workman has not worked for 240 days he cannot be deemed to be in continuous service. In these circumstances, the claim made by the workman for retrenchment compensation or for reinstatement cannot be allowed.

5. The second part of the dispute raised is as to whether the action of the management was justified in re-appointing him from 23-11-1979 and again in not allowing him employment from 22-11-1979 is legal and justified. With regard to this part of the dispute the management's witness Shri Paul has stated nothing but in the statement of claim filed on behalf of the management it is stated that it was only with a view to help the workman that the workman was given 30 days employment as a matter of grace and not as a matter of right. This statement has not been controverted by the workman either in the form of rejoinder or in the form of oral statement. Accordingly if the management has given him employment from 23-10-79 to 22-11-1979 and thereafter provided no employment from 15-9-1979 then the second employment would not make any difference. Even if this employment for 30 days is added to the total employment of 121 days upto September 1979 that would not make his service as continuous within the meaning of Sec. 2(o) and Sec. 25F of the Act. Consequently the workman is neither entitled to any retrenchment compensation nor to an order for reinstatement nor to any other relief claimed by him for the simple reason that the employment was casual and not for the stipulated period. Consequently the action of the management in terminating the services or refusing further employment does not entitle the workman to any of the reliefs claimed by him.

Accordingly, for the reasons given above, the dispute referred to for adjudication is answered as under :—

6. The action of the Engineer-in-Charge, All India Radio, Indore, in terminating the services of Shri Kanchan Lal with effect from 15-9-1979 was fully justified; that the reappointment of Shri Kanchan Lal from 23-10-79 to 22-11-1979 was legal and that the workman Shri Kanchan Lal is not entitled to any relief of compensation or reinstatement or any other relief in this case. In the circumstances of the case both parties are directed to bear their own costs as incurred.

S. R. VYAS, Presiding Officer
[No. 1-42012(25)80-D, II(B)]

New Delhi, the 14th December, 1981

S.O. 3484.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby published the following award of the Central Government Industrial Tribunal, New Delhi, in the industrial dispute between the employers in relation to the management of B.S.L. Project, Sundernagar and their workmen, which was received by the Central Government on the 9th December 1981.

BEFORE SHRI MAHESH CHANDRA, PRESIDING
OFFICER, CENTRAL GOVT. INDUSTRIAL TRIBUNAL-
CUM-LABOUR COURT, NEW DELHI

ID. No. 32 of 1980

In re :

Shri Bachan Singh c/o Shri R. K. Singh,
35-G, Nangal Township, District Ropar,
Punjab.

Petitioner

Versus

The Chief Engineer, B.S.L. Link Project,
Sundernagar, District Mandi,
Himachal Pradesh.

Respondent

AWARD

The Central Govt. as appropriate Govt. vide its order No. 1-42012(23)80-L. II(B) dated the 15th May, 1980 referred an Industrial Dispute to this Tribunal in the following terms up to 10 in the following terms :

'Whether the action of the Management of B. S. L. Project, Sundernagar in retrenching Shri Bachan Singh, Carpenter from his services w.e.f. 29-6-78 ignoring his request for revocation of out of turn retrenchment as also in violation of section 25-F of the Industrial Dispute Act, 1947, is justified ? If not to what relief the workman is entitled ?'

2. On receipt of the reference it was ordered to be registered and usual notices were sent to the parties. A statement of claim was filed by the workmen on 19-7-80 and a written statement was filed on 23-8-80. Thereafter a replication was filed and following one issue was framed for trial :

ISSUE :

1. As in the order of reference ?

3. Thereafter evidence of the parties was recorded. I have gone through the evidence produced by the parties and have heard their representatives at length and after giving my considered thought to the matter before me I have come to the following findings on this issue.

4. The contention of the workman is that he joined the BSL Project as Carpenter Grade II w.e.f. 10-10-1962 and he was promoted as Carpenter Grade I w.e.f. 31-12-69; that he requested for out of turn retrenchment vide application dated 13-6-78; that thereafter he requested for revocation of the said request for out of turn retrenchment; that he was relieved from duties w.e.f. 29-6-69 and therefore his termination was illegal and in violation of mandatory provisions of law regarding the retrenchment.

5. The Management has contested the claim of the workman and it has stated in its reply that the workman was appointed as a Carpenter Grade II on 19-10-62 and was promoted as Carpenter Grade I on 29-12-69 and he resigned his job vide application dated 13-6-78 which was accepted and discharge notice was issued informing him that he would be deemed to be relieved on 29-6-78; that in the meanwhile the workman after this request in the application dated 13-6-78 was accepted, filed an application dated 23-6-78 which was delivered to the XEN (Personnel) on 29-6-78 for cancellation of the request but in so far as his request had already been acceded to it could not be withdrawn and his discharge was valid.

6. The workman has come forward as W.W. 1 and filed his affidavit as Ex. W. W. 11 in which he has reiterated what was stated by him in his claim statement. During cross examination it is admitted by him that Ex. M/1 was the correct copy of application filed by the workman with the respondent. From the perusal of Ex. M/1 I find that it is the letter whereby he has withdrawn his request for out of turn retrenchment. It is admitted by him during cross examination that 'I do not remember the date when it was submitted, may be it was submitted on 26-6-78.' The Management has not produced any oral evidence and has rather tendered Ex. M/1 to Ex. M/6 into evidence. I have already referred to Ex. M/1 above. Let us consider the other documents.

7. Ex. M/2 is the letter dated 13-6-78 submitted by the workman and it reads as follows :

'Respectfully I beg to say that my domestic circumstances are not allow to me to continue service. Therefore accept my out of turn retrenchment notice and clear my all dues. Thanking you.'

There is an endorsement of the same date i.e. 13-6-78 forwarding this letter in original to the XEN, BSL for accepting the out of turn notice of the workman as he was spared from that Division and this was marked as Urgent. The XEN referred this vide letter dated 15-6-78, copy Ex. M/3 to EXN (Personnel) Division for formal acceptance. It was in pursuance thereof that an order dated 22-6-78 accepting the request of this workman was issued and the workman was ordered to be relieved on 29-6-78. Unfortunately the workman refused to receive the said letter as would be clear from Ex. M/4, letter dated 11-7-78. Where upon Ex. M/5 and Ex. M/6, orders were passed. From the perusal of these documents coupled with the admission of workman is his cross examination as W.W. 1, that 'may be Ex. M/1 was submitted on 26-6-78, it is established conclusively that this workman applied for being relieved of his job on 13-6-78 which request was accepted on 22-6-78 and it was thereafter that the workman filed application Ex. M/1 on 26-6-78. In so far as the request of the workman had already been acceded to; it was not open to the workman to withdraw that request. The resignation could not be withdrawn after it was accepted. The Management was well within its rights to relieve this workman from 29-6-78 and this appears to have been done by the Management and that being so it cannot be said that the action of the Management in discharging the workman w.e.f. 29-6-78 was not justified. It may be mentioned here keeping in view the letter Ex. M/2 strictly speaking that it cannot be said that it is a case of retrenchment. It is a simple case of ordinary resignation from the job which resignation was accepted before it was withdrawn and therefore after acceptance it could not be withdrawn. More fact that the Management had agreed to pay some compensation to the workman would be of no avail to the workman to invoke the provisions of Section 25-F of the I.D. Act. The termination in this instance case would not be covered by the provisions of Section 2(o) and as such Section 25-F does not come into play at all. It may be mentioned that the workman has produced Ex. W/2, copy of the minutes of proceedings held on 6-12-79 before the Asstt. Labour Commissioner (Central) at Chandigarh. In it, it is categorically stated that 'the employer representative showed me the termination order/discharge ord. of 22-6-78 giving one months' notice (printed) but stamped as expiring on 29-6-78.' For the purpose of establishing that the Management had accepted the request of the workman made vide Ex. M/2 on 22-6-78 this document is conclusive. Similarly it is categorically stated in Ex. W/4 also that the out of turn notice Ex. M/2

served by the workman was accepted vide letter dated 22-6-78 and his discharge was complete w.e.f. 29-6-78. Ex. W/5 and Ex. W/6 would not in any manner help the workman. Likewise other documents produced by the workman would not help the case of the workman in any manner what-so-ever. The workman has himself produced Ex. W/11 which is the original discharge notice served upon the workman. This shows that the Management had accepted the request of the workman on or before 22-6-78 while the workman filed application Ex. M/1 withdrawing the request on 26-6-78. In view of all these facts I hold that the discharge of the workman from service w.e.f. 29-6-78 is justified and in order and legal and the workman was not entitled to any relief in this reference. Parties however are left to bear their own costs.

Dated : the 4th November, 1981.

13th Kartika, 1903.

Further ordered :

That requisite number of copies of this award may be sent to the appropriate Govt. for necessary action at their end.

MAHESH CHANDRA, Presiding Officer

Dated : the 4th November, 1981.

S.O. 3485.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Central Government Industrial Tribunal, Jabalpur, in the industrial dispute between the employers in relation to the management of United Commercial Bank and their workman, which was received by the Central Government on the 4th December, 1981.

BEFORE JUSTICE SHRI S. R. VYAS (RETD.)
PRESIDING OFFICER, CENTRAL GOVT. INDUSTRIAL
TRIBUNAL CUM LABOUR COURT, JABALPUR (M.P.).

Case No. CGIT/LC(R)/76/1980

Parties :

Employers in relation to the Management of United Commercial Bank and their workmen represented through the Madhya Pradesh Bank Employees' Association, Amirpara, near Shitla Mandir, Parvana Bhavan, Raipur (M.P.)

APPEARANCES :

For Workmen.—None.

For Management.—Shri P. S. Nair, Advocate.

INDUSTRY : Bank DISTRICT : Raipur (M.P.)

AWARD

Dated : November 27, 1981

By Notification No. L-12011(18)/80-D.II.A, dated 26th November, 1980 Government of India in the Ministry of Labour has referred the following dispute to this Tribunal for adjudication :

"Whether the action of the Management of United Commercial Bank, Bhopal proposing to recover house rent w.e.f. 1-1-78 under their notification dated 24-5-78 from the workmen for the accommodation provided to them at Bhilai Branch of the Bank is justified? If not, to what relief are the workmen concerned entitled?"

2. In the statement of demand submitted by the General Secretary, M. P. Bank Employees' Association, hereinafter referred to as the Association, the claim made before this Tribunal may briefly be stated as under :

(i) Sometime in 1967 the United Commercial Bank, hereinafter referred to as the Bank, had provided residential quarters to their workmen working in the Bhilai Steel Plant Branch of the Bank. Consequently upon this provision of residential accommodation house rent allowance payable under the Award/Bipartite Settlement was stopped and no house rent was charged from the workmen. Sometime in May, 1978 the management of the Bank issued orders that with effect from 1-1-1978 the workmen employed at Bhilai will not only be not paid house rent allowance but would be liable to pay house rent also. This direction of the Bank, according to the workmen, contravenes the provisions of the Award (Desai Award) and the Bipartite Settlement. A prayer is therefore made that the direction of the Bank for recovery of rent be declared as mala fide, illegal and unjustified and the workmen may be held entitled to residential accommodation without payment of house rent.

3. In the statement of claim made by the management, it is stated that the Bhilai Branch was started sometime in 1959 when there was a acute shortage of residential accommodation because of the developing nature of the Bhilai Steel Plant. The Bank, therefore, as a special case constructed some quarters for the residence of the workmen at Bhilai and in accordance with the provisions of Clause 6.25 of the Desai Award and para 8.3 of the First Bipartite Settlement no house rent was charged from the employees occupying the residential quarters. Subsequently, according to the Bank, when norms for collection of house rent was finalised it was decided that consequent upon the revision of the Bipartite Settlement and merger of a portion of dearness allowance in basic pay house rent should be charged at 6 per cent of basic pay from 1st September, 1978. It is also contended by the Bank that residential accommodations provided to the workmen in the project are like Bokaro, Rourkela, Durgapur etc. are also subject to the charge of house rent @ 10 per cent of the basic pay. Similar practice is said to be prevalent at all other places throughout India. Lastly according to the management neither in Desai Award nor in the Bipartite Agreements there is any stipulation that it would be obligatory on the Bank to provide rent free residential quarters to the employees and that if for a particular period rent free accommodations were provided in the light of peculiar circumstances prevailing at a particular place it did not confer a right on the workmen to avail of such concession for all times to come.

4. After the Bank management filed the statement of claim the Union remained absent and did not take part in the proceedings before this Tribunal. In the rejoinder filed by the management the same pleas were repeated which were raised in the statement of claim filed earlier. The only issue raised for decision was as under :—

"Whether the management of the United Commercial Bank Bhopal's proposal to recover house rent with effect from 1-1-78 as per their notification dated 24-5-1978 to the workmen for the accommodation provided at the Bhilai Branch is justified?"

5. On behalf of the Bank only one witness was examined and some documents were tendered in evidence. The Union, as already stated above, remained absent and led no oral or documentary evidence in support of its demand. My finding on the aforesaid issue is that the Bank was justified in recovering rent from the workmen posted at Bhilai Branch of the Bank from the date of the notification i.e. 24-5-1978 and not with retrospective effect i.e. from 1-1-1978.

Reasons for these findings :—

6. On behalf of the management M.W.1. Shri R. S. Prabhu, Junior Management Officer of the Bank (Personnel Department) at Calcutta was examined. He stated that the terms and conditions of service of the employees are that they are not entitled to rent free accommodation. Regarding Bhilai he has stated that in 1967 Bank had constructed some residential quarters as were constructed in other Project Areas like Durgapur, Rourkela, Bokaro etc. Regarding service conditions of the Bank employees he admits that they are governed by the Sastry and Desai Award as also by the Bipartite Agreements. When asked regarding the concession of rent free house accommodation at Bhilai the witness stated that it was only as a matter of concession that no rent was charged in Bhilai but at other places

in Project areas house rent was and is being charged from the employees. The management thereafter decided to recover rent from 1-1-1978 as per policy adopted vide Ex. M/1. Recovery according to Ex. M/1 was @ 6 per cent of basic pay. The witness was not cross-examined on behalf of any representative of the Union or by any workman who remained absent.

7. In the statement of demand the Union has referred to the Award and the Bipartite Settlements. Clause 6.25 of the Desai Award only provided that where employees occupy residential quarters provided by the Bank they will not be entitled to any house rent allowance. Para 8.3 of the Bipartite Settlement reads as under :—

"House Rent Allowance in project areas is agreed on the basis that residential accommodation is not available in these areas. Accordingly, house rent allowance in project area after the expiry date of such time as a bank is in a position to offer residential accommodation. The continuance of house rent allowance in project area after the expiry date of this settlement will be subject to fresh review of the house situation in these places."

A bare reading of the aforesaid provisions in the award and the settlement does not justify an inference that either any rent free accommodation is to be provided to the workmen or that if, residential accommodation is provided by the Bank to the employees, then no house rent shall be charged. If, for a particular reason and for a particular period the Bank management extended a concession to the employees, then it does not confer a right on the employees to continue to enjoy the concession for an indefinite period. Neither the award nor the settlements provides that rent free accommodation should be provided by the Bank Management to the employees at Bhilai. In these circumstances, the employees of the Bank at Bhilai Steel Plant Branch cannot claim that residential accommodation owned by the Bank shall be provided without any payment of rent. The Bank was therefore justified in recovering the house rent from the workmen as done in this case.

8. Next question is as to from what date rent could be recovered by the Bank from the employees? It is clear from the dispute referred to for adjudication that rent is sought to be recovered from 1-1-1978 as per Bank Notification dated 24-5-1978. This clearly goes to show that the Bank means to recover rent with retrospective effect. This the Bank cannot do. The date of recovery of rent from the workmen could be from the date of notification and not from the earlier date. If such retrospective recovery is permitted then it would mean that the Bank can demand house rent not only from 1-1-1978 but from the date employee was provided residential accommodation free of rent. The common law could not permit such a retrospective recovery from the employee. Accordingly it is held that the Bank is entitled to recover house rent allowance from the workmen posted at Bhilai Branch only from 24-5-1978 i.e. from the date when the notification for recovery for rent was issued and not from 1-1-1978.

9. In the light of the reasons given above, the following award is given :

The action of the management of United Commercial Bank Bhopal, in proposing to recover house rent from their workmen at the Bhilai Branch of the Bank is justified but the recovery of house rent shall be justified only from 24-5-1978 and not from 1-1-1978".

In the circumstances of the case both parties are directed to make their own costs as incurred.

S. R. VYAS, Presiding Officer

[No. 12011/18/80-D.II(A)]

S.O. 3486.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the National Industrial Tribunal, Bombay, in the industrial dispute between the employers in relation to the management of Reserve Bank of India, and their workmen which was received by the Central Government on the 8-12-81.

BEFORE THE NATIONAL INDUSTRIAL TRIBUNAL,
BOMBAY

PRESENT :

Justice C. T. Dighe Esqr., B.A. (Hons.) LL.M. Presiding Officer.

Complaint No. 4 of 1980

Bombay, dated the 30th November, 1981

AWARD

A complaint has been made under Section 33A of the Industrial Disputes Act, 1947, by All India Reserve Bank Workers' Organisation (hereinafter referred to as the "Organisation") on 30th July, 1980. The complainants are a registered Trade Union, but not recognised by the Opposite Party, the Reserve Bank of India. The complainants alleged that during the pendency of the Reference being Reference No. 2 of 1979 between the Management of the Reserve Bank of India and its Class II workmen pending before the National Industrial Tribunal at Bombay, the Opposite Party have unilaterally decided to retire from the services of the Opposite Party, Class II workmen who have attained the age of 58 years as on 31st July, 1980. According to the complaints their grievance is connected with Item No. 14 viz. the age of Superannuation in the Schedule to the Order of Reference dated 25th July, 1979, referred to the National Industrial Tribunal for adjudication.

2. According to the complaints, the Reference No. 2 of 1979 relating to Class II workmen is identical to the Reference No. 1 of 1979 relating to Class III workmen. The Opposite Party had entered into the Settlement dated 25th November, 1979, wherein the Personal Assistants who are qualified as Class II workmen will be qualified as Officer Grade 'A' and designated as Private Secretary Grade IIIA to form a separate cadre. By the said Settlement the Opposite Party had proposed to allot duties of supervisory nature to such Personal Assistant to be redesignated as Private Secretary Grade II/A who would no longer be considered as workmen for the purpose of Industrial Disputes Act, 1947. The complainants say that the Opposite Party by doing so is bypassing the authority of the National Tribunal. It is further stated that the Opposite Party has extended the period of retirement by three months from 15th September, 1979, for workmen in Class III and decided to further review under the Settlement dated 28th September, 1979, entered into between the Opposite Party on the one hand and All India Reserve Bank Employees' Association, a recognised Union by the Opposite Party on the other hand. It is the case of the complainants that since both Class III and Class II workmen belong to the category of workmen with the meaning of Industrial Disputes Act, 1947, and the duties in respect of both of them has been referred before the National Industrial Tribunal the Opposite Party should be directed to maintain the status quo and not to retire the Class II workmen from the services of the Opposite Party and grant similar extension of three months to Class II workmen and review the same on the lines of Class III workmen.

3. The Reserve Bank of India, the Opposite Party has opposed the complaint by their reply dated 7th August, 1980. It is said that the complaint is not maintainable in law first because the complaint has been made by the Organisation

which is a Union and not by and on behalf of an aggrieved employee workman. Secondly, the form of complaint is not in accordance with Rule 59 read with Form 1 of the Industrial Disputes (Central) Rules, 1957. Thirdly, there is no contravention of Section 33 of the Industrial Disputes Act, as the Opposite Party has not altered, to the prejudice of the workmen concerned in the pending dispute, the conditions of service applicable to them immediately before the commencement of such proceedings. What the Opposite Party has done is merely enforcing the existing conditions of service. Fourthly, the complaint is not maintainable as Class II workmen are no longer workmen within the meaning of the Industrial Disputes Act, 1947, and are outside the purview of the jurisdiction of the Hon'ble Tribunal. Further, the Opposite Party submits that it is not open to this Hon'ble Tribunal to grant the complainant the type of relief claimed for viz. to direct the Opposite Party to grant an extension to Class II employees who would otherwise retire from the services on attaining the age of superannuation.

4. The Complainants in their rejoinder dated 12th August, 1980, have reiterated that the complaint is maintainable as Class III workmen and Class II workmen of the Opposite Party were covered by the Desai Award, the Aiyar Award and the Bi-partite Settlement dated 7th October, 1970, between the Opposite Party and the All India Reserve Bank Employees' Association, a recognised Union by the Opposite Party. The complainants further say that the Bank has not given an option to Class II workmen whether they would like to be redesignated as Officers. The complainants further say that though their complaint is not in accordance with the Form prescribed under the Industrial Dispute (Central) Rules, 1957, it is merely a technical requirement and could be waived by the National Tribunal. The complainants further request the National Tribunal to prevent the Opposite Party from discriminating Class II workmen and Class III workmen as they are covered by the same conditions of service. The complainants deny that the Class II workmen automatically cease in service of the Opposite Party on attaining the age of retirement and request the Tribunal to grant their prayers as sought for.

5. Section 33A of the Industrial Disputes Act, 1947, relates to "special provision for adjudication as to whether the conditions of service et., changed during the pendency of the proceedings". The complaint under that Section lies when an employer contravenes provisions of Section 33 during the pendency of the proceedings before the Tribunal. To the extent, relevant Section 33 reads as follows—

"No employer shall—

- (a) in regard to any matter connected with the dispute, alter, to the prejudice of the workmen concerned in such dispute, the conditions of service applicable to them immediately before the commencement of such proceedings, or
- (b)save to the express permission in writing of the authority before which the proceeding is pending".

For entertaining a complaint under Section 33A, the contravention must be in regard to a matter connected with the dispute and there must be an alteration in conditions of service applicable to workmen concerned and that alteration must result in prejudice of the workmen concerned.

6 There is no dispute that the complaint is with regard to item No. 14 viz. age of superannuation in the Schedule to the Order of Reference dated 25th July, 1979. There is also no dispute that age of retirement is a condition of service applicable to staff of the Opposite Party. The dispute relates to the question whether it is open to a Union to complain the contravention of Section 33A read with Section 33(1)(a) of the Industrial Disputes Act, and whether it is not open to an employer to enforce the existing conditions of service during the pendency of the reference relating to a dispute of such conditions of service.

7 Shri Batki for the Opposite Party has contended that a complaint under Section 33A of the Industrial Disputes Act can be filed only by an employee workman "aggrieved by contravention alleged". The Opposite Party relies on the judgement in National Power Supply Corporation V/s State of Assam reported in 1963 (II) L.L.J P 10 and in particular the following observations at page 13 column 2 of the report.

"On the plain reading of S. 33A it is clear that the workman aggrieved by the contravention of the provisions of S. 33 alone is entitled to apply. If the Union is authorised in writing by the workman aggrieved, the application by the Union will be an application by the aggrieved workmen. But the Union in its own right cannot take up the dispute regarding the dismissal of a workman as an industrial dispute and apply under S. 33A for adjudication".

In the case before us, the burden of proving that there has been an authority from the aggrieved workman for filing the complaint is on the Organisation. The complaint has been filed by the Organisation without showing any authority from any workman aggrieved. Shri Pande contends that the authority in favour of the Organisation by various Class II workmen in the main reference should be taken into account and this objection of the Opposite Party should be rejected. Looking to the specific requirement of the Industrial Disputes Act, 1947, it appears necessary that the workmen should come forward to speak of their grievances, but that they can be represented by the Union. That is a distinct cause of action and the authority for it cannot be seen in the authority given to the Organisation to represent them on general matters in Reference. The contention of the Bank is therefore upheld.

8. Shri Batki has further contended on behalf of the Opposite Party that it is open to an employer to enforce an existing condition of service relating to the retirement during the pendency of an industrial dispute and such action of the employer would not amount to violation of Section 33 of the Industrial Disputes Act. In support of his argument, he has relied on a judgement in A. K. Rai Vs. Hindustan Commercial Bank Ltd. reported in 1953 (II) L.L.J. 371 (Sastri Tribunal) and particularly the observations of the Tribunal at page 372, column I of the report as follows :—

"We are of opinion that in this case there is no contravention of Sec. 33 of the Industrial Disputes Act. Admittedly under the present conditions of service governing the employee, it is open to the bank to compel retirement when he attains 55 years of age unless the board of management thinks otherwise. In this particular case, therefore, we cannot say that the compulsory retirement is an alteration of existing conditions of service. It is merely an enforcement of existing conditions. Section 33 is not therefore applicable; hence this complaint under Sec. 33A is not sustainable".

9. In this connection, Shri Batki relies on Regulation 26(1) of Reserve Bank of India (Staff) Regulations, 1948, which to the extent necessary provides that an employee other than an employee in Class IV shall retire at 58 years of age. Therefore, in retiring the employees in Class II on attainment of 58 years, the Opposite Party has merely enforced the existing condition of service as to the age of retirement. In view of it, on this ground also the complaint cannot survive.

10. According to Mr. Pande, there should have been an automatic extension to Class II workmen when similar extension is voluntarily given by the Opposite Party to Class III workmen. It is the contention of Shri Batki that an employee has no right to continue in service after he has attained the age of superannuation unless the employer for some reason or other continues the employee in service. He invites my attention to the Supreme Court judgement in Guest Keen Williams (Pvt.) Ltd. V/S Sterling (P.P.) 1959 (II) L.L.J. page 405 S.C. and in particular the following passage in para 415, column of the report :

"Once the age of superannuation is fixed, it may be open to the employer for special reasons to continue in its employment a workman who has passed that age; but it is inconceivable that when the age of superannuation is fixed it should be in the option of the employee to continue in service there-after".

11. Shri Pande for the Organisation has relied on the judgement of the Supreme Court in All India Reserve Bank Employees' Association V/S. Reserve Bank of India reported in A.I.R. 1966 S.C. 305-1965 (II) L.L.J. 175 SC. He states that both II and Class III workmen of the Bank were throughout governed by Desai Award paragraphs 3.55 to 3.61, Aiyar Award paragraphs 3.108 and Bi-partite Settlement

dated 7th October 1970 (at page 62 of the Booklet) between the Bank and the All India Reserve Bank Employees' Association, for the statement that Class II workmen were workmen within the meaning of Section 2(s) of the Industrial Disputes Act, 1947. Earlier Awards and Settlement govern Class III workmen as well as Class II workmen and consequently it looks upon both as forming a group, so that if extension is given to Class III, similar extension should be given to Class II, and it is not open to the Opposite Party to make a distinction. This is particularly fallacious. What is true for one type of workmen cannot be true for another type of workmen, although they for some reason, also may be workmen. If the cadre is different conditions are different, there cannot be such a community of interest. We can refer in this context to Regulation 7 of the Reserve Bank of India (Staff) Regulations, 1948, which classifies the permanent staff of the Bank into Class I (Officers), Class II (Personal Assistants), Class III (Clerical Staff) and Class IV (Subordinate Staff). The earlier Awards and Settlements were composite Awards and Settlements on the workmen staff of the Opposite Party. However, the industrial dispute between the Opposite Party and the Class III workmen as well as between the Opposite Party and the Class II workmen have been referred to adjudication by two distinct and separate Orders of Reference dated 16th June, 1979, and 25th July, 1979, respectively. As the two classes of employees are distinct and separate, a concession given to one cannot be relied upon by other.

12. Shri Batki also invites my attention to an Award dated 12th Nov., 1980 of the National Industrial Tribunal Bombay in Reference No. NTB-2 of 1979 which has made the Class II employees of the Bank as officers from 1st September 1978, and thus taken them out of the purview of the Industrial Disputes Act, 1947. This point also is therefore held against the Organisation. Thus, there is no violation of the provisions of Section 33 of the Industrial Disputes Act, and therefore, the complaint under Section 33A is not maintainable.

13. Shri Batki has asked for costs. It does appear that such a complaint ought not to have been presented to the Tribunal. It did not however appear that the complaint was made frivolously. Therefore, there will be no order as to costs.

[No. L-12025/21/79-D.II A]

S.O. 3487.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Central Government Industrial Tribunal, Jabalpur, in the industrial dispute between the employers in relation to the management of Punjab National Bank and their workman, which was received by the Central Government on the 4th December, 1981.

BEFORE JUSTICE SHRI S.R. VYAS (RETD.) PRESID-
ING OFFICER, CENTRAL GOVERNMENT INDUSTRIAL
TRIBUNAL-CUM-LABOUR COURT,
JABALPUR (M.P.)

Case No. CGIT/LC(R)(23)/1081

PARTIES :

Employers in relation to the management of Punjab National Bank, Mandsaur Branch, Mandsaur and their workman Shri Lal Singh represented through the authorised representative, Shri M.L. Sabharwal Working Committee Member of the Association of Punjab National Bank Employees (M.P.) and General Secretary of Madhya Pradesh Bank Karmachari Sangh, 37, Bakshi Gall, Indore (M.P.)

APPEARANCES:

For Workman—Shri Lal Singh, Workman concerned and Shri M. L. Sabharwal.

For Management—Shri N. K. Mishra, Authorised representative of the Bank.

INDUSTRY: Bank DISTRICT: Mandsaur (M.P.)

AWARD

Dated November 30, 1981.

By Notification No. L-12012/174/80 D.II A dated 21st July, 1981 Government of India in the Ministry of Labour has referred the following dispute to this Tribunal, for adjudication:—

"Keeping in view the nature of duties performed by Shri Lal Singh, Part Time Workman of Punjab National Bank, Mandsaur Branch, whether the action of the management of Punjab National Bank in not paying him 1/3rd of the scale wages with proportionate annual increment with effect from 1-7-78 in terms of Bipartite Settlements is justified? If not, to what relief the concerned workman is entitled?"

2. After notices were issued to both the parties to file their statements of claim, the parties initially took time and later expressed that they are negotiating for a mutually agreed settlement of the dispute referred to this Tribunal for adjudication. Finally on 17-11-1981 an settlement between the parties was filed and thus according to them the dispute was settled as a result of mutual negotiations.

3. The dispute as reproduced above was regarding the demand of the workman for 1/3rd of the scale wages with proportionate annual increments with effect from 1-7-1978 in terms of the Bipartite Settlements.

4. The parties as per settlement filed in this case have settled to refix the working hours between 6 hours to less than 13 hours per week and pay the workman 1/3rd wages in terms of the Bipartite Settlement. The settlement, according to the parties, is to become effective from 5-6-1981. As already stated the settlement was arrived at even before the parties had filed their statements of claim.

5. The workman wanted 1/3rd of the scale wages from 1-7-1978, but according to the settlement he has agreed to receive the wages demanded by him from 5-6-1981. As the parties have settled the dispute as a result of mutual negotiations and both parties feel satisfied with this settlement. I think it would be in the interest of maintenance of industrial peace and good relations between the parties that the settlement may be accepted. The settlement appears to be just, reasonable and proper and I find nothing to reject it. Accordingly the following award is given in terms of the settlement filed by the parties. The settlement shall from part off this award.

6. The working hours of the workman, Shri Lal Singh, shall be refixed by the Punjab National Bank, Mandsaur Branch, Mandsur between 6 hours to less than 13 hours per week and he shall be paid 1/3rd wages in terms of the Bipartite Settlement with effect from 5-6-1981. This shall be in full and final settlement of the dispute between the parties and the workman, Shri Lal Singh shall not raise any claim monetary or otherwise regard to this dispute.

In view of the settlement arrived at between the parties, both parties are directed to bear their own costs as incurred.

S. R. VYAS, Presiding Officer

30-11-1981.

BEFORE THE CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL CUM LABOUR COURT, 724, NAPIER TOWN, (NEAR FOURTH RAILWAY BRIDGE), JABALPUR (MP)

I.D. No. CGIT/LC(R)(25)/1981

In the matter of Industrial Dispute

Between

The Management of Punjab National Bank, Regional Manager's Office Bhopal

And

Their Workmen : Denial of 1/3rd Scale wages with proportionate annual increment by the Management of Punjab National Bank to Shri Lal Singh, Part-time workman at Mandsaur branch of the Bank.

IT IS PRAYED THAT

Shri Lal Singh has been working as Part time employee at Mandsaur branch and was being paid Rs. 60/- per month as his working hours were less than 6 hrs per week. It was demanded by NPBEA on his behalf that he should be paid 1/3rd of his scale wages in terms of Bipartite Settlement.

Bank however resisted the claim on the ground that his duty hours were less than 6 hours per week. The dispute ended in failure. The Government of India referred the matter for adjudication before CGIT Jabalpur bearing reference No. CGIT/LG(R)25/1981 dated 13th August 1981.

During the pendency of the dispute Shri Lal Singh has changed the Union and joined MP Banks Karamchari Sangh. After initial discussions bank has agreed to refix his working hrs between 6 hrs to less than 13 hrs per week and consequently he will paid 1/3rd wages in terms of Bipartite Settlement. The change shall be effected wef. 5-5-81.

That both Management, bank employee and the union agree that this is in full and final settlement of the claims for which dispute has been raised and the employee and union shall not raise any claim monetary or otherwise in this regard.

Parties Jointly pray that the Hon'ble tribunal will pass a no dispute award in this case.

(N.L. Sabharwal)

Working Committee Member of the Association of PNB Employees (MP)

and General Secretary of Madhya Pradesh Bank Karamchari Sangh, 37, Bakshi Gali, Indore.

(N. K. Mishra)

Authorised Representative of Punjab National Bank

New Delhi, 11th December, 1981

S.O. 3488.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Central Government Industrial Tribunal No. 1, Dhanbad in the industrial dispute between the employers in relation to the management of Sudamdih Project of Messrs Bharat Coking Coal Limited, Post Office Sudamdih, District Dhanbad and their workmen, which was received by the Central Government on the 5th December, 1981.

BEFORE THE CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL NO. 1, DHANBAD

In the matter of a reference under Sec. 10(i)(d) of the Industrial Dispute Act, 1947

Reference No. 29 of 1980

Parties : Employers in relation to the management of Sudamdih Project of Messrs Bharat Coking Coal Limited, Post Office Sudamdih, District, Dhanbad.

AND

Their Workmen.

Present : Mr. Justice B. K. Ray (Retd.)

Presiding Officer.

Appearances :

For the Employers : Shri T.P. Choudhury, Advocate.

For the Workmen : Shri S. Pal, Advocate.

State : Bihar

Industry : Coking

Dhanbad, dated the 30th November, 1981

AWARD

By Order No. L-20012/200/78-D III(A) dated 27-10-1980 the Central Government being of opinion that an industrial dispute existed between the employers in relation to the management of Sudamdih Project of M/s. Bharat Coking Coal Limited, Post Office Sudamdih, Dist. Dhanbad and their workmen in respect of the matters specified in the schedule attached to the order referred the same for adjudication to this Tribunal. The schedule to the order reads thus.

"Whether the demand of the workmen of Sudamdih Colliery of Messrs Bharat Coking Coal Limited, Post Office Sudamdih, District Dhanbad for placing Shri Sushil Kumar Roy as Latheman Category-V retrospectively is justified? If so, to what relief is the said workman entitled and from what date?"

2. After notice to the parties they have filed their respective written statement and in addition to its written statement the union has filed a rejoinder.

3. The case of the union as appears from its pleading is as follows. The concerned workman had been working in Lathe Machine of Sudamdih Main Workshop in Incline Mines of Sudamdih Project since 1965-66 and he after continuous working for 9 months as a Latheman had applied to the management to be absorbed as a permanent Latheman. The management, however, without absorbing the concerned workman as Latheman showed him as officiating as a Latheman after putting him in the Category of Helper Gr.III. In spite of the fact that since 1965-66 the concerned workman was performing all the jobs of a regular skilled Latheman he was designated as a Latheman in Cat.V only from March 1980 and this was the result of prolonged representation by the union. This upgrading of the concerned workman took place during the pendency of the dispute before the Ministry of Labour and during that period management after upgrading the concerned workman wrongly informed the Ministry that the dispute had been settled. This information was wrong inasmuch as the concerned workman was not been given the designation of a Latheman with effect from 1965-66. The seniority list maintained by the management which is a statutory document, job vouchers registers from 1972-78, pay slips dated 3-6-67, 28-9-68, 11-10-69 and of all other dates will show the nature of job which was being performed by the concerned workman. During the pendency of the dispute the Labour Enforcement Officer (C) made an enquiry in the workshop in Sudamdih Colliery and found that the nature of the job performed by the concerned workman since 1966 was that of a Latheman. In these circumstances the union has prayed that he may be given proper grade and category with effect from 1965-66.

The case of the management as made out in its pleading may be stated thus. The reference is invalid inasmuch as the same was never raised by any union or by a substantial number of workmen so that it might constitute an industrial dispute within the meaning of Sec.2(k) of the I.D. Act. The concerned workman pretending himself as Asstt. Secretary of B.C.K.U., Sudamdih wrote a letter to the Asstt. Labour Commissioner (C) on 27-11-79 claiming that he has been working as a Latheman since 1965-66 and that in spite of that he has been denied proper category and grade. This act of the management as per the letter of the concerned workman amounted to victimisation. In that letter the concerned workman also said that he was being tormented and victimised by the management in all possible manner so much so that the management once arranged to assault the concerned workman and to do away with his life. The letter further stated that on account of aforesaid attitude of the management the concerned workman was forced to submit a letter of voluntary retirement. The concerned workman was never the Asstt. Secretary of the B.C.K.U. Branch at Sudamdih as alleged. Even assuming that he was Asstt. Secretary as claimed by him he is not being an office bearer of the union which has its office at Dhanbad he has no locus standi to raise a dispute much less an industrial dispute. Since the dispute relates to the question of proper categorisation the same cannot be raised by the workman in his individual capacity. The workman was originally appointed as Cat.I General Mazdoor in the year 1964 and attached to the workshop of Shaft Mine of Sudamdih. In the year 1966 he was placed in Cat.III under the Coal Award (LAT Award). After the Coal Wage Board Recommendation came into force and was accepted by the N.C.D.C. the designa-

tion of the concerned workman was refixed as helper in Cat.II with effect from 15-8-67. In the year 1969 he was concerned as Cat.II helper from Shaft Mine workshop to Sudamdih incline mine. In the year 1971 he was brought to the post of a mechanical fitter in Cat.IV and was transferred to Sand Gathering Plant of the Shaft Mine and recontinued to work there till 15-8-74. There is no workshop attached to the Sand Gathering Plant nor there is any lathe machine. He was again transferred to the Shaft Mine Workshop as a Mechanical fitter in Cat. IV. While he was attached to the workshop as Mechanical Fitter in Cat. IV his performance was found to be unsatisfactory and therefore he was not promoted and brought to Cat V by D.P.C. which considered his case alongwith other Cat. IV fitter. So the workman continued to remain in Cat. IV and was diverted to the machine side in to workshop as colliery machinist in Cat. IV. In that category he worked upto the end of 1978. By then he having acquired sufficient skill in his job particularly in the lathe machine he was allowed to work as a Latheman in Cat.V with effect from 17-1-79 on the recommendations of D.P.C. In these circumstances the claim of the workman that he should be taken as a latheman in Cat. V with retrospective effect from 1965-66 is not at all justified. Before he was actually promoted to Cat. V he never worked at any time in a category higher than Cat.IV. In the year 1965-66 the workman was a more Mazdoor in Cat.I without any educational and technical qualification. That being so he could not be put in Cat.V at that time.

On these allegations management prays that the reference be answered against the union.

3. At the time of hearing the union has examined the concerned workman only and has relied upon as many as 12 documents whereas on the side of the management as many as three witness have been examined and besides that one document has been relied upon. The case of the union as it appears from the written statement is that the concerned workman should be placed in Cat.V as a Latheman with effect from 1965-66. As against this claim the management's case is that the concerned workman was appointed in the year 1961 for the first time as a General Mazdoor in Cat.I in the workshop near Shaft Mine which is the main workshop there. While he was so working in 1966 he was placed in Cat.III according to the L.A.T. award. This Cat.III became Cat.II under Coal Wage Board Recommendation with effect from 15-8-67. A helper is in Cat.II. So with effect from 15-8-67 the workman worked as a helper in Cat.II. In 1971 he was promoted as a fitter in Cat.IV and till this time he was in the workshop. Thereafter he was transferred to Sand Gathering Plant in 1971 after his promotion to Cat.IV. He worked in the Sand Gathering Plant as a mechanical fitter in Gr.IV till 15-8-74. When he was again transferred to the workshop according to the management's case between 1974-79 management promoted certain persons to—Cat.V on the recommendation of the D.P.C. At that time even though the concerned workman's case was taken up for consideration he was not found fit and was therefore not promoted. On 17-1-79 the workman was ultimately promoted to Cat.V.

The workman however says that since 1965 he is working as a latheman and for the period he worked as latheman he was paid difference of wages to which he was entitled as a latheman. He, however, admits that he has no qualification either general or technical. A workman in Cat.V must possess sufficient experience. To prove his case the workman called for various documents such as, wage-slips, job voucher registers etc. from the management. The management did not produce the documents called for on the plea that under rules the documents being required to be preserved for three years only were not available for production. The ordersheet of the case shows that union insisted that the documents called for by it were actually in the office of the management and that the management was deliberately suppressing them. Therefore the workman was permitted by the Tribunal to go to the office of the management and to point out the records from the office which he would require to be produced. The workman availed of the opportunity. But he could not point out any document which the union had called for as they were not in the office of the management. Such being the position and under rules documents called for by the union being required to be preserved for three years only the management cannot be found guilty of suppression records.

Workman in his evidence says that he has been working in the colliery since 1964 and that for the first 4-5 months

of his service he worked as a helper to a latheman. Thereafter according to him he has been working as a latheman independently and while he was so working as a latheman he was drawing wages admissible to a latheman. He says that some other workers in the colliery who had started working with him have now been placed in Gr.VI and some in Gr.I. He produced a list of workers who were working with him and have been placed in different higher categories subsequently. He in his deposition gives several instances of workmen junior to him having been given higher category. He has filed and proved the office copies of his representations to the management claiming category of Gr.V of a latheman. The workman further says that even though when he started working as a latheman he was paid the wages of a latheman for sometime subsequently the management stopped him to pay the wages of a latheman and this was in 1966. He admits that sometime after he joined service he was designated as helper in Cat. II. After he was designated as helper in Cat.II the management designated him as machinist. He asserts that he was never called for selection by D.P.C. According to him as Asstt Secretary of B.C.K.U. when he acted as a tradeunionist the management deliberately suppressed his claim. In cross-examination he admits that originally he was in Cat.I. He admits that besides two mines (Shaft Mine and Incline Mine) there is one Sand Gathering Plant at Sudamdih. He also admits that there is a workshop attached to the Shaft Mine attached to the Shaft Mine. According to witness since 1963 there is another workshop attached to incline mine. The workman asserts that even during 1971 to 1974 when he was working in mines workshop at Sudamdih he was being shown wrongly by the management as working in Sand Gathering Plant as a mechanical fitter in Cat. IV. He does not admit the management's case that from 15-8-67 he was transferred from Sand Gathering Plant to the workshop as mechanical fitter. He also admits that he has neither a diploma nor a certificate from I.T.I. and has not read in any Engineering School or College. He has only read upto Class IV.

On the side of the management as many as three witnesses have been examined of which MW-1 is an Executive Engineer and joined the colliery as chargeman Gr. II. Thereafter he became a foreman and then foreman incharge and then Asstt. Engineer. Since March 1980 he is an Executive Engineer. He knows the concerned workman. He says that from 1971-74 the workman was working in Sand Gathering Plant as mechanical fitter. In Sand Gathering Plant there is neither workshop nor a lathe machine. Whenever any machine in the Sand Gathering Plant requires repair the same is sent to Shaft Mine Workshop for repair. According to the witness when the workman was working as mechanical fitter in Sand Gathering Plant his performance was not satisfactory. After working in Sand gathering plant for sometime, the witness deposes that the workman wanted to be transferred and so in 1974 he was transferred to Shaft Mine Workshop. Nothing has been elicited from this witness to discredit his testimony and there is no reason why this witness will come forward to support a false case for the management and will disoblige the workman. So on the basis of the evidence of this witness it is established that from 1971 to 1974 the concerned workman was working in Sand Gathering Plant as a mechanical fitter only and on his own initiative he was transferred in 1974 to the Shaft Mine Workshop. The next witness for the management is also an Assistant Engineer in Sudamdih. According to his evidence the workman worked under him in 1970-71 in incline mine at Sudamdih. At that time he was doing the job of a helper. At the time of working as helper according to the witness the workman was at times helping a latheman. The witness emphatically denies the fact that the workman ever worked as a latheman before his promotion in the year 1979. I do not find any inherent defect in the deposition of this witness. Nothing has been elicited in cross-examination to discredit him. So on the basis of this evidence I hold that between 1970 to 1971 the workman was only working as a helper. The third witness for the management is the Personnel Manager. He joined the colliery in the year 1974. He deposes that when he joined the colliery the workman was working as mechanical fitter in the main workshop. He denies the workman's case that in the workshop the later was working as a latheman. The witness says that in 1976 the workman was transferred to the mechanical side. As a Personnel Officer the witness says that from records he has found that before his transfer to the workshop he was working in the Sand Gathering Plant. This fact is supported by MW-1. The Personnel Officer says that before promotion of a workman from one category to a higher one

the recommendation of D.P.C. has to be obtained and promotion has to be made according to vacancy in the higher category. The Personnel Officer says that when the workman was working in the workshop as mechanical fitter he was in Cat. IV and in 1979 January he was given Cat. V as machinist. The witness denies the union's case of victimisation. The witness represented the management before the conciliation officer. As it appears this witness supports the case of the management as spoken to by the two previous witnesses. There is nothing to disbelieve this evidence.

After scrutiny of the evidence led by both sides, I find that responsible witnesses for the management whose evidence has been accepted by me have said that from 1970 upto January 1979 when the workman was promoted to Cat. V the later never worked as a latheman. The workman himself admits that when he was appointed for the first time he was a General Mazdoor in Cat. I. Except his own oral assertion that from 1963-66 he has been working as a latheman there is no other reliable evidence to support the case of the union. The workman being an interested witness his uncorroborated testimony cannot be accepted in preference to the statements of three responsible officers examined on the side of the management. In course of argument Mr. Pal has invited my attention to a copy of letter of Superintendent Shaft Mine, Sudamdih addressed to the A.L.C.(C) dated August, 1978. This was in connection with the dispute already raised before the A.L.C. which has led to the present reference. In this letter Ext. W-8 it has been said in para 7 that the workman is already in Cat. IV which is the proper category for a latheman. On the basis of this statement Mr. Pal contends that long before the alleged promotion of the workman to Cat. V the letter shows that he was working as a latheman. I am afraid such a contention cannot be accepted. The letter categorically shows that at the time when the same has been written the workman was in Cat. IV and so when it is said in the letter that a latheman belongs to Cat. IV it must be a mistaken notion of the writer of the letter. It is no body's case that a latheman belongs to Cat. IV. The constant stand of the union is that latheman belongs to Cat. V and the workman is entitled to that category. So Ext. W-8 relied upon by Mr. Pal can be of no assistance. After hearing the parties at length on the oral and documentary evidence led by them I am convinced that the union has not been able to establish its case and I hold that the workman never worked as latheman from 1963-66 upto January, 1979 when he was promoted to Cat. V as a latheman by the management.

4. A point of law has been raised by Mr. T. P. Choudhury that the workman who has raised the dispute as Assistant Secretary of B.C.K.U., Sudamdih Branch is not competent in law to represent the union and to raise a dispute on its behalf for the concerned workman. In course of his argument Mr. T. P. Choudhury has not been able to submit any authority for his stand nor any direct provision in any enactment in support of his contention has been pointed out. However I do not feel it necessary to decide the point raised by Mr. T. P. Choudhury in this case in view of the fact that on merit I find that the union has no case and the workman is not entitled to the relief claimed.

5. The reference is answered accordingly. There will be no order for cost.

एल के नारायणन, प्रवर सचिव

New Delhi, the 14th December, 1981

S.O. 3489—Whereas the Central Government having been satisfied that the public interest so required had, in pursuance of the provision of sub-clause (vi) of clause (n) of section 2 of the Industrial Disputes Act, 1947 (14 of 1947),

declared by the notification of the Government of India in the Ministry of Labour No. S.O. 1879 dated the 22nd June, 1981 the Delhi Milk Scheme to be a public utility service for the purposes of the said Act, for a period of six months, from the 23rd June, 1981.

And whereas, the Central Government is of opinion that public interest requires the extension of the said period by a further period of six months;

Now, therefore, in exercise of the powers conferred by the proviso to sub-clause (vi) of clause (n) of section 2 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby declares the said industry to be a public utility service for the purpose of the said Act, for a further period of six months from the 23rd December, 1981.
